

## HKUST-NJU Workshops in 2016, 2017, 2019

The first HKUST-NJU Workshop on Quantum Materials, a bilateral workshop on quantum materials, was organized at The Hong Kong University of Science and Technology (HKUST) with Nanjing University (NJU) in December, 2016 to promote bilateral collaboration between the two universities. Prof. Steven G. Louie from UC Berkeley has been invited to give talk. Speakers from both universities had research exchange and discussions.

The second HKUST-NJU Workshop on Quantum Materials took place in November, 2017 at Nanjing University. Speakers from both universities gave talks to further strengthen collaboration.

The third HKUST-NJU Workshop on Quantum and Wave Functional Structures was organized in January, 2019. Collaborative research between HKUST and NJU was furthered achieved.
